

Area V Young Riders

2008

Membership Application

Each area in the USEA has an active Young Riders Program dedicated to the development of Young Riders in the sport of Eventing. The program also provides an educational ladder of learning and a series of events leading to the North American Young Riders Championships. Dues in addition to the regular USEA dues are required and are listed below.

Preliminary Riders and Above: Young Riders attempting to qualify for the NAYRC s must meet minimum requirements outlined by the USEA, USEF and FEI and must be willing to attend any training sessions required by Area V. Meeting minimum requirements does not guarantee a place on an Area V team. Further requirements stipulated by Area V must be met.

Training Level Riders and Below: Young Rider Advancement Program riders will be able to participate in clinics especially for Young Riders. Both mounted and unmounted clinics are designed to train and prepare YRAP riders who are focused on representing Area V at the NAYRC s in the future.

**Please complete this form and mail it to the Area V Young Rider Co-Ordinator,
Debbie Daniel
5909 Cypress Point Drive
Ft. Worth, TX 76132
